Harold Jones  
Water Resources Supervisor  
State of Idaho Department of Water Resources  
900 N. Skyline Dr.  
Suite A  
Idaho Falls, Idaho 83402

Dear Harold,

Thank you for your response to my letter dated February 10, 2003.

You were copied on my letter of January 14, 2003, and I assume that you were the person I should direct my letter too since you are closer to my ranch than Tim Luke in Boise.

So who is in charge? Who tells the water master in Mackay what water to deliver? Your name was on the letter telling me not to put water in my pond. Please help me out. I need to know because this problem has gone on for years.

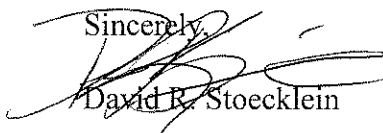

What really concerns me is that in your letter to me of February 11, 2003, you said that my letters to you were both filed away in our WD34 folder of water year 2002. I would hope that someone from the Idaho Department of Water Resources would respond to my letters. Not just file them away. I don't understand why a neighbor of mine calls about something that he perceives I am doing wrong and I immediately get two or three phone calls. My attorney gets called and I get two orders from the Water Resources to cease and desist.

These problems in my January 14, 2003 and February 10, 2003 need to be addressed not just filed away.

I am sending to Tim Luke this letter and my other letters as well as copies of all I have to Karl Dreher who is on the letterhead that you wrote to me.

Harold, we have always got along I don't know what the problem is here, but I believe I am raising real concerns. I deserve to have my questions answered and my concerns looked into.

Sincerely,

David R. Stoecklein
